Quality Air Tools...Built To Last Since 1932

Our rugged Air Hammers, Needle Scalers, Pittsburgh Lock Seam Tools, Grinders, Drills and Sanders are built tough to provide years of dependable service. Our handles are made with an exclusive Alcoa aluminum design, while our barrels and all parts are aircraft-quality steel—heat treated throughout for durability. Every Superior air tool is performance-tested and is backed by a written warranty.

Superior Pneumatic rugged air hammer lock seam tools close Pittsburgh lock seams quickly.

Durable air hammers with either a straight handle (Model 261 & Model 44755) or a pistol grip (Model 260 or Model 240476), close Pittsburgh lock up to 16 gauge. All steel and aluminum construction... no plastic parts. Weigh only 2-3/4 to 5-1/2 pounds. Heat-treated for longer life.
